**SJM Celebrates a Double Triumph at the
“2025 China Best Champagne List” by SparklingPlus Asia**

(Macau, 13 November 2025) SJM Resorts, S.A. (“SJM”) has secured two accolades at the “2025 China Best Champagne List” award ceremony, held by SparklingPlus Asia recently in Shanghai. The awards have once again underscored SJM’s leading position in the fine wine industry and validated its excellence and contributions in the culinary sector, highlighting Macau’s appeal as a “Creative City of Gastronomy.”

SJM’s Grand Lisboa Palace Resort Macau was awarded the “Best Champagne List – Hotel,” with its wine list design, strategic curation, and exemplary sommelier services triumphing over competitors from Hong Kong, Macau, and Taiwan. Zuicho, the Resort’s Japanese refined “kappo” restaurant, won the “Best Champagne List – Asian Restaurant” across these regions. These recognitions underscore the impressive scale of SJM’s champagne collection.

SJM and its parent company Sociedade de Turismo e Diversões de Macau, S.A. are home to one of Asia’s most extensive and comprehensive wine cellars, with more than 500,000 bottles of over 17,000 wine labels. Its champagne list is also dubbed as “an encyclopaedia of champagnes,” curated meticulously by SJM’s experienced sommelier team. This extensive collection features exquisite champagnes sourced from both prestigious houses and boutique growers across the Champagne region. From legendary vintages and rare estates, to bold, complex styles and those of an elegant, light blend, each bottle weaves a narrative of its own, offering every guest and champagne enthusiast an unparalleled journey of discovery.

The “China Best Champagne List Award” is established by SparklingPlus Asia, with the objective of recognising the most exceptional champagne lists and curators in China. Judged by a distinguished panel composed of certified sommeliers from the Champagne-Ardenne of the Union de la Sommellerie Française (French Sommelier Union), the list recognises wine lists from Eastern, Central-Western, Southern, and Northern China, as well as Hong Kong, Macau, and Taiwan regions, by evaluating their diversity, balance, quality, design, category, comprehensiveness and accuracy. This year, eight internationally renowned experts are specially invited to join the panel. Their distinguished backgrounds including cellar management, champagne magazine publishing, sommelier expertise, and champagne and wine mastery bring deep insights from a diverse cultural viewpoint in champagne list analysis.
