**SJM Resorts Confirms Completion of L’Arc Acquisition and  
Receives Government Approval for Direct Operations of Casino L’Arc Macau  
by SJM Resorts**

(Macau, 26 December 2025) SJM Resorts, S.A. (“SJM Resorts” or “the Company”, together with its parent company and subsidiaries referred to as “the Group”) is pleased to announce that the Group completed on 17 December 2025 the acquisition of the entire issued share capital of Arc of Triumph Development Company Limited, the owner of L’Arc Hotel, further strengthening SJM Resorts’ presence in the Macau Peninsula’s most concentrated and high-performing entertainment and hospitality cluster.

L’Arc Hotel is a well-established hospitality property located in the NAPE district on Avenida 24 de Junho, with a gross floor area of approximately 86,438 square metres, comprising hotel accommodation, food and beverage outlets, retail and the premises of Casino L’Arc Macau.

Following the completion of the acquisition, SJM Resorts received the requisite approval from the Macau SAR Government to directly manage and operate Casino L’Arc Macau from 2 a.m. on 30 December 2025, thereby enabling its continued operation under SJM Resorts.

With the transaction now completed, SJM Resorts has taken over the integrated operations of L’Arc Hotel. This addition to the Group’s portfolio strengthens its position within a high-density catchment area, enhancing synergies across its Lisboa-branded properties and enabling SJM Resorts to retain geocentrically loyal customers, improve customer circulation and broaden its market reach.

SJM Resorts remains committed to contributing to the long-term development of Macau by strengthening the Macau Peninsula’s urban fabric, enhancing the quality and diversity of tourism offerings and supporting Macau in further enriching its role as a “World Centre of Tourism and Leisure”, thereby contributing to the city’s sustainable development and long-term prosperity.
