Important Warning

A number of organizations are attempting to defraud people of money through the use of non-authorized websites or in other ways by unlawfully using the name of **Sociedade de Jogos de Macau, S.A.**, the names of certain casinos operated by SJM and **SJM Holdings Limited** itself (together "SJM"). These activities are conducted online and normally refer to SJM as a sponsor of a competition, prize or lucky draw. Victims of the scam are told to send money in advance, which is then retained by the fraudulent operator, in order to collect a monetary prize.

SJM has never authorised any such online competition, prize or lucky draw and has reported and will continue to report, these scams to the authorities in Macau.

For the record, SJM does not operate any gaming operations online and does not participate - whether as operator or sponsor - in any online competition, prize or lucky draw.

If you are offered any "prize" or approached to participate in any lucky draw or online gaming, **DO NOT** accept, **DO NOT SEND ANY MONEY** and **DO NOT** provide any personal details (including your bank account details).

SJM will not be liable for any purported prizes or other "offers" which have been made by other organisations or persons without SJM's authority and does not accept any liability (whether civil or contract or otherwise) for any loss or damage incurred or suffered by any party who supplies his or her personal information or who pays money to any organisations or persons who have not been authorised by SJM.
