**SJM's Don Alfonso 1890 Receives  
MECC EuroExcellence Award for Food and Beverage**

(Macau, 19 May 2025) SJM Resorts, S.A.'s ("SJM") authentic Italian restaurant Don Alfonso 1890 at Grand Lisboa Palace Resort Macau received the 2025 MECC EuroExcellence Award ("The Awards") in the Food and Beverage category at the 11th Annual Gala Dinner of the Macau European Chamber of Commerce ("MECC"). Don Alfonso 1890 was selected for its high-quality European cuisine, exceptional customer service, and successful cultural introductions to local community. This recognition reaffirms the power of gastronomy in cultural exchange and underlines the restaurant's vital role in Macau's burgeoning reputation as a UNESCO "Creative City of Gastronomy."

Don Alfonso 1890 brings the legacy of its MICHELIN-starred Italian namesake to Macau. The restaurant pays homage to the cultures, values and traditions of its origins with workmanship, professionalism and creativity, from its contemporary interpretation of Southern Italian cuisine to its extraordinary interior design – the marriage of two of Italy's most extraordinary treasures – the lush luxury of Versace and the rich, earthy heritage of Don Alfonso. Every dish is meticulously crafted with fresh produce from its organic farm Le Peracciole, and the restaurant maintains a close working relationship with the original team in Italy through regular culinary collaborations. In its cuisine and setting alike, Don Alfonso 1890 presents a refined interpretation of European identity.

The Awards celebrate outstanding achievements by Macau businesses in Luxury, Food and Beverage, Blue and Green Innovation, Greater Bay Area Sino-Europe Cooperation, and Small and Medium Enterprise categories. These local businesses promote Macau as a platform for Sino-European collaboration, strengthening ties between Macau businesses and the European markets.
